12TH NATIONAL
Celebrating a Second Chance at Life
SURVIVORSHIP SYMPOSIUM

Join hundreds of transplant survivors and caregivers, from the comfort of your own home, and learn how to make the most of your “second chance at life” after transplant.

April 17-23, 2021

Online Symposium this year will feature a week of outstanding workshops

Workshops include:
• Protecting Your Health Long Term
• Learning and Memory Problems
• Chronic Graft-versus-Host Disease
• Sexual health After Transplant
• Nutrition
• Managing Sleep Disorders
• Medical marijuana
• Chronic Fatigue
AND MUCH MORE!

Go to bmtinfonet.org/Symposium2021 for more details.
Contact BMT InfoNet by phone at 888-597-7674 or email help@bmtinfonet.org

Who should participate?
• Bone marrow, stem cell and cord blood transplant survivors
• Parents, spouses/partners and other family members of a transplant survivor
• Caregivers of a transplant survivor
• Healthcare professionals who work with transplant survivors

Learn from experts and other survivors how to manage the many medical, emotional and practical challenges that can develop after transplant.

What previous attendees say about the symposium:
‘Last year’s symposium was very impressive. Even after 20 years of recovery, I found every talk valuable and relevant. I especially appreciated that I could attend from my kitchen!”

“This was, by far, the BEST symposium I’ve ever attended. I learned so much and will discuss some of the treatments suggested by the speakers with my doctors. Thanks for an incredible event!”
